

# Vote NO on AB260

## Keep Wisconsin's student athletes safe

AB260 would **mandate** that schools, technical colleges and UW's 2-year colleges accept pre-participation physicals conducted by chiropractors.

A broad coalition of physician organizations, other healthcare providers and parties with a vested interest in the health and well-being of Wisconsin student athletes are **strongly opposed**.

### Training Comparison

10,000+

Clinical patient care hours completed by physicians

4,200

Total hours of combined classroom, laboratory and clinical experience for chiropractors

### Comprehensive Medical Exam

Clearance to play is just one part of a comprehensive well visit in the provider's office.

Athletes also are screened for:

- Cardiovascular conditions
- Appropriate immunizations
- Growth and development
- Mental and behavioral health
- Laboratory tests
- Hearing and vision screening
- Anticipatory guidance related to adolescent risk-taking behaviors
- Health education
